FOR IMMEDIATE RELEASE

Kansas Landscape Architect Elected President of International Organization

RESTON, VIRGINIA (UNITED STATES) – October 18, 2018 – The Council of Landscape Architectural Registration Boards (CLARB) has elected Philip J. Meyer President of its 2018–2019 Board of Directors, which he will serve through September 30, 2019. As President, Meyer will serve as an ambassador and liaison to industry organizations and allied professions. Within CLARB, he will focus on leadership development, diversity and foresight.

Previously for CLARB, Meyer served as President-Elect (2017-2018), Vice President (2016-2017), Secretary (2014–2016), Region 4 Director (2011–2014) and Region 4 Alternate Director (2008–2010). He has been active with CLARB since 2003 as the chair of a task force on friction in the licensure system analysis, co-chair of the model law updates and as a member of the by-laws review committee, a grader for exams and as a member of the Committee on Nominations.

For the State of Kansas, Meyer is a past member of the Kansas Board of Technical Professions. He has served as Chair, Vice-Chair and Secretary for the Board and twice served as Chair of the Architect, Landscape Architect and Geologist Sub-Committee. He has also served the Board by being a member of disciplinary hearing panels, the complaint committee, the continuing education committee and other special focus committees.

Closer to home, Meyer is Chair of the City of Wichita Design Council, a member of the Wichita Area Builders Association and is active with volunteer opportunities throughout the community. Meyer works as a Vice President at Baughman Company PA, a multidisciplinary development firm in Wichita.

Meyer earned a bachelor’s degree in Landscape Architecture in 1985 from Kansas State University. He is currently licensed in Kansas, Missouri and Oklahoma. He is also a CLARB Certified landscape architect.

About CLARB
Since 1970, CLARB has been dedicated to ensuring that all individuals who affect the natural and built environment through the practice of landscape architecture are sufficiently qualified to do so. CLARB works to protect the public’s health, safety and welfare by establishing and promoting professional licensure standards for education, experience and examination required for the profession of landscape architecture. CLARB’s members include the licensure boards that regulate the profession of landscape architecture in the United States; District of Columbia; Puerto Rico; and the Canadian provinces of Alberta, British Columbia and Ontario.
